An efficient method for figuring out a price is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the brand new ebook, however don't embrace a value on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is precisely the same on each web page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and sales of your book. It will tell you what your optimum price is.
