Another strategy is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Ensure your gross sales copy is strictly the identical on each web

page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. It will inform you what your optimum price is.

Ultimately, in case you've written a guide that solves a drawback or presents a brand new approach, your book will bring in both site visitors and profits.
