Do that by making a sales web page for the brand new e-book, however don't include a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is strictly the similar

on every page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum worth is.

Ultimately, in the event you've written a guide that solves a downside or presents a new technique, your ebook will herald both visitors and profits.
