An effective technique for determining a price is to ship out a survey to your current customers. If these clients have already bought an ebook from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new guide, but do not embody a price on that page. As a substitute, add numerous links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with totally different costs on each page. Be sure that your sales copy is strictly the identical on every page, and includes your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum value is.
