Do that by creating a gross sales web page for the new e book, but do not embody a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with different costs on every page. Make sure that your sales copy is strictly the identical on every web

page, and includes your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum price is.

Ultimately, should you've written a book that solves a problem or presents a new method, your e book will herald each site visitors and profits.
