One other technique is to check out prices by making a variety of duplicate gross sales pages with completely different costs on each page. Be certain your sales copy is strictly the same on each

page, and includes your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum price is.

Ultimately, in case you've written a e-book that solves a problem or presents a new method, your guide will usher in each traffic and profits.
