An efficient approach for determining a worth is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the brand new e book, but don't include a worth on that page. Another technique is to check out prices by making a variety of duplicate sales pages with completely different prices on each page. Be sure that your gross sales copy is exactly the same on

every web page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum price is.

Finally, should you've written a book that solves a problem or presents a new technique, your e-book will bring in both traffic and profits.
