An efficient approach for determining a value is to ship out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price. Do that by making a sales page for the new guide, but do not embrace a value on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with completely different costs on every page. Be sure your gross sales copy is strictly the same on each page, and

contains your selling-handle sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This can inform you what your optimum value is.

Ultimately, in the event you've written a e book that solves a downside or presents a new method, your ebook will bring in each visitors and profits.
