One is to present one thing away for free along with your ebook, such as a useful bonus item. Or bundle several ebooks under one worth, which lowers the price for every ebook if they were sold separately.

An effective technique for figuring out a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to

price. Do this by making a sales page for the new e-book, however don't include a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out prices by creating a number of duplicate gross sales pages with different prices on every page. Make certain your gross sales copy is exactly the similar on every page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum value is.

In the end, when you've written a book that solves a drawback or presents a brand new technique, your ebook will usher in both traffic and profits. So you should definitely write that selling-handle sentence that sums up what drawback your book solves and what the advantages of your 2015 book might be to the shoppers who buy it.
