One other technique is to test out costs by making a variety of duplicate sales pages with different prices on every page. Make certain your gross sales copy is exactly the identical on every web page, and contains your selling-handle sentence. Then work out for each page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum value is.

Finally, in case you've written a e-book that solves a downside or presents a new approach, your ebook will herald both visitors and profits.
