Resolve if your purpose is to get huge distribution and most exposure. This goal is aimed at drawing prospects to your corporation or service, or to establishing the credibility of your reputation. If that is your most important purpose, you should purpose to maintain your worth on the low side. Some authors have even priced their ebooks at a profit loss to attract a high number of new customers. The key is to find a price that maximizes your income and the variety of books you sell.

This is a wonderful pricing strategy in case you are trying to acquire long-term customers. Long-time period prospects are extremely likely to purchase from you again and once more ? as long as the primary e book they buy is of distinctive quality and beneficial to the customer.

Nonetheless, in case your guide contains invaluable ? and more importantly NEW info, references, or methods ? then it's best to aim to cost it on the excessive end.

After you figure out your goal, you should figure out what your viewers's need is on your ebook. For instance, does your guide remedy a specific problem? If it does, and solves it in a approach that hasn't been written about in one hundred other ebooks, you may be able to obtain excessive sales at a high price. If your e-book solves an issue or answers questions in a new and unique way, you must price your e-book as high as you'll be able to go. You will achieve larger earnings this manner, however usher in fewer customers. Just be certain that the query or downside that your e-book solves is one that is vital and related to the majority of your market audience. If you wish to see giant earnings over customer draw, aim for an audience that's in search of straightforward solutions to their problems at a low price. In case your ebook is geared toward solving one explicit downside reasonably than general advice, then you can cost more. Start at the highest price the market will bear to bring in the largest profits, and plan to low cost the e-book a variety of instances all through the year.

Be certain that your gross sales copy is precisely the identical on each web page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum price is.
