One other strategy is to check out costs by creating a number of duplicate sales pages with different costs on each page. Be sure your sales copy is strictly the identical on each web page, and includes your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum worth is.

In the end, in the event you've written a ebook that solves a downside or presents a new method, your e-book will herald both site visitors and profits.
