After you figure out your aim, you need to work out what your viewers's want is in your ebook. For instance, does your book solve a specific drawback? If it does, and solves it in a way that hasn't been written about in one hundred other ebooks, you can be able to obtain high gross sales at a excessive price. If your e-book solves a problem or solutions questions in a brand new and unique method, you must price your guide as excessive as you may go. If you want to see massive earnings over buyer draw, aim for an audience that's looking for easy solutions to their issues at a low price. If your guide is geared toward solving one particular

problem quite than normal recommendation, then you can cost more. Start on the highest price the market will bear to bring in the largest profits, and plan to discount the guide a variety of instances throughout the year.
