piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are several different strategies that can make it easier to sell more books.

An efficient technique for determining a price is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the new guide, but don't include a price on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Ensure your sales copy is exactly the identical on each page, and contains your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. It will let you know what your optimum price is.

Finally, for those who've written a ebook that solves a drawback or presents a new approach, your guide will herald both site visitors and profits. So be sure to write that promoting-deal with sentence that sums up what drawback your ebook solves and what the benefits of your 485 e-book shall be to the shoppers who purchase it. And then watch your market come to you!
