An efficient approach for figuring out a price is to send out a survey to your current customers. If these customers have already purchased an ebook from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new book, but do not embrace a price on that page. page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your site and sales of your book. This may tell you what your optimum price is.
