Do that by creating a gross sales web page for the new e-book, however don't include a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out costs by creating a number of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is strictly the identical on each page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This will inform you what your optimum value is.
