Advertising and marketing Strategies

The key that unlocks the gross sales potential of your book is to discover a single sentence that turns into your selling handle. Then make sure you use that sentence in each piece of gross sales and promotional material, and every time anybody asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other strategies that may show you how to sell extra books.

One is to offer something away free of charge along with your ebook, resembling a precious bonus item. Or bundle several ebooks under one price, which lowers the value for each ebook in the event that they had been bought separately.

An efficient method for determining a worth is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the brand new e book, but don't embody a price on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with completely different costs on each page. Make sure your sales copy is strictly the same on every web page, and

contains your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum worth is.

Ultimately, if you've written a guide that solves a problem or presents a brand new method, your book will herald both traffic and profits.
