and promotional materials, and every time anyone asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other methods that may help you promote extra books.

An efficient method for determining a value is to send out a survey to your current customers. If these clients have already purchased an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the brand new e book, but do not embody a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with totally different prices on every page. Ensure that your gross sales copy is strictly the identical on each web page, and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your website and sales of your book. This may inform you what your optimum price is.

In the end, in the event you've written a ebook that solves a problem or presents a new method, your e-book will usher in each traffic and profits.
